

ENERGY POLICY

DR. B C ROY ENGINEERING COLLEGE top management has established an energy policy for the organisation, the policy clearly provides the management views on energy efficiency improvement as well as providing a commitment to continually improve the energy performance. The policy supports purchase of energy efficient goods and services and as a result clear directives are given to the procurement department on all future procurements.

DR. B C ROY ENGINEERING COLLEGE is committed to conserve, set targets, review and continually improve the use of energy. **DR. B C ROY ENGINEERING COLLEGE** is committed to improve its energy performance by:

- Reduce Specific Energy Consumption through efficient use of energy and monitor energy use & performance in areas of significance.
- Establish a framework for setting, monitoring & reviewing energy objectives & targets. Commit to allocate necessary resources and ensure availability of relevant information for use.
- Adhere to applicable laws and regulations, relevant legal and other obligations with respect to energy.
- Set energy performance indicators and establish a clear reporting structure with defined responsibilities.
- Constantly upgrade technology and improve efficiency of equipment.
- Encourage energy awareness amongst all relevant functions through policy roll-out, internal communication and training as necessary.
- Explore economically justifiable and technically feasible clean source of energy.
