1. This is to inform you that Book Bank books will be distributed according to the schedule above. Please note that books will be issued based on availability.
2. Students must follow the scheduled dates and times for book issuance to ensure they receive their books. If unable to attend, you can authorize someone—like a guardian or fellow student—to pick up the books for you. Just provide a signed Letter of Authorization and your Book Bank Card.
3. Students may return library books between 4:40 PM and 5:00 PM on all working days. No books will be issued to students who have not returned previously borrowed library books.
